Kill House training facility

Please be advised that we have examined the opportunity presented by The Kill House Inc with respect to a police and arms training facility (Kill House Inc.).

The Department believes that this facility, as planned, would be extremely useful and valuable to our Department. We feel it would be an invaluable training and exercise facility not only for new recruits but also for long time veterans to maintain and sharpen their abilities. Since there are no other facilities that have this capability in the local area, the Department would be extremely interested in joining this facility and paying the membership dues. We believe the facility, as planned, is well designed and would greatly assist our Department in training and ultimately result in more safety and security provided to the public.

It is our hope that other departments, including the county, state and federal level would take advantage of this exciting opportunity. We will, of course, encourage others to assess this facility in terms of the benefits and opportunities presented.
